

SATFAB HYPO

Chlorine Bleach

Effective, high-quality, safe
cleaning products for Laundries

SATFAB HYPO is a sodium hypochlorite based bleach suitable for use in all types of industrial laundry machines. SATFAB HYPO effectively removes staining on WHITE linen.

- SATFAB HYPO is designed for use through the Satol Chemicals automatic dispensing equipment and should never be manually dosed.
- Heavy concentrations should be used, it is recommended that an Anti-Chlor such as SATFAB CID / SATFAB RUSTNIL be used to neutralise chlorine residual.

USAGE INSTRUCTION

- Dosage: 3 – 15ml per kilogram wash load depending on light to heavy stains. Maximum temperature 60°C. Dosage may vary according to degree of soiling.
- Caution: DO NOT use on colours or on hospital linen that has been contaminated with chlorhexadine based disinfectants.

BENEFITS:

- Effective in all water conditions.
- Longer shelf life and stability
- Restricts corrosion risk
- Economical dosage control, long drum life

SPECIFICATION

Appearance : Clear Liquid
Specific Gravity : 1.20±0.05 g/cm³
pH : 12.5±0.5 in 1% solution

PACKAGING :

5 kg, 25 kg
& 50 kg
