

SATFAB SOFTENER

Fabric Softener Concentrate

Effective, high-quality, safe
cleaning products for Laundries

SATFAB SOFTENER is a concentrated fabric softening liquid specially formulated for use in commercial and on premise laundries. The product is suitable for application on most types of fabric and can be manually or auto-dosed.

- SATFAB SOFTENER conc. is a concentrated fabric conditioner based on biodegradable cationics, quaternary ammonium salts. In the wash solution, these positively charged cationics, adsorb to the negatively charged surface of fabrics.
- Once adsorbed onto fabric the cationics have a lubricating effect.
- During the drying process, this prevents interlocking of individual fibres and build-up of static electricity (especially on synthetic fibres). In addition lubrication facilitates ironing/calendering.
- The product has also been formulated with perfume, which leaves a pleasant smell on fabric.

BENEFITS:

- Good softening of many types of fabric (towels, sheets, wool, delicate articles etc).
- Prevents build-up of static electricity on synthetic fabrics.
- Delivers a pleasant residual smell.
- Is based on biodegradable raw materials.

SPECIFICATION

Appearance	: Slightly white liquid
Specific Gravity	: 1.00±0.05 g/cm ³
pH	: 6.0±0.5 in 1% solution 5.00±0.5 in 100 % concentrate

USAGE INSTRUCTION

- Dosing level is dependent on wash classification. The softener should be applied in the last rinse of a washer extractor or in the last section of a continuous batch washer.
- Dosage recommendation: 1.5 - 5.0 ml/kg of fabrics.

FORMULATION

Di(hydrogenated tallow) dimethylammonium chloride	6%
Calcium Chloride	0.1%

PACKAGING :

5 kg, 25 kg
Packs

CORPORATE OFFICE :

102, First floor, Shreemad Gokul,
off Devidas Lane, Behind M.C.F. Club,
