

# SATFAB COMPLETE

## Single Shot Detergent for Room Linen

**SATFAB COMPLETE is a fully built, advanced laundry detergent with built – in alkali booster for light and heavy soils. SATFAB COMPLETE is for most of the fabric used in OPL and commercial laundry that is cottons, polyesters and cotton – polyester blends.**

- Combined detergent with builder booster, hence no need for additional alkali booster.
- Presence of a high level of anti re - deposition polymers prevents re – deposition during wash – cycle and eventually prevents fabric praying.

### BENEFITS:

- Special non – ionic formulation provides excellent detergency on all types of fatty soils.
- Quickly suspends & removes dirt particles.
- High level of water hardness sequestrants ensure prevention of scale build – up and maintain linen whiteness.
- Presence of optical brightener, whitens and brightens the fabric.

### USAGE INSTRUCTION

- The prescribed dosage is between 5 – 15 gm/kg of fabric load depending on wash temperature, soil level, type of linen, water hardness and performance required. Our Technical customer service personnel will be happy to advise on appropriate dosage and suitable wash processes for your laundry.

### FORMULATION
