

SATOL HYPO

SATOL HYPO is a sodium Hypochlorite based bleach suitable for use in all types of industrial laundry machines. SATOL HYPO effectively removes staining on WHITE linen.

- Sodium hypochlorite : Effective in all water conditions.
- Stabilized formulation : Longer shelf life and stability
- Corrosion inhibitor : Restricts corrosion risk
- Concentrated formulation : economical dosage control, long drum life
- Colour coded alpha numeric label : Easy identification assists staff training

USAGE INSTRUCTION

- Satol HYPO is designed for use through the satol chemicals automatic dispensing equipment and should never be manually dosed. Should heavy concentrations be used, it is recommended that an Anti-Chlor such as SATOL HYPO be used to neutralise chlorine residual.
- **Dosage:** 3-15ml/kg wash load depending on light to heavy strains. Maximum temperature 60 C. Dosage may vary according to degree of soiling.

FORMULATION

The amount of SODIUM HYPOCHLORITE solution used with water depends on the type of dirt / impurity and pathogen contamination. Depending on this, use 1% to 3% quantity w/w in Demineralised water.

BENEFITS:

- Highly cost effective terminal disinfection
- Broad spectrum disinfectant activity
- Powerful oxidising action also assists stain removal and deodours
- Non-foaming and rinse free
- Effective in soft or hard water

SPECIFICATION

Appearance	: Clear liquid
Specific Gravity	: 1.15±0.05 g/cm ³
pH	: 11.50±0.5 in 1% solution

PACKAGING :
5 kg & 50 kg
Packs
